LESBIAN ROMANCE Reading can give you a pretty dirty imagination if you're not careful... Lindsay's always been something of a shy girl. She's eighteen and a virgin, and not at all ready for her induction into the hyper-sexual world of college life. For whatever reason, she's always found the idea of sex with men intimidating. And although she finds women attractive, and is a lot more at ease in the presence of a female, she's never really come to consider herself a lesbian, either. Her introduction to her own sexuality, then, comes when she happens to discover a book series of erotic literature, and finds herself fascinated by it. One night, she ends up masturbating to the written depiction of a girl on girl love affair, and is promptly met by one of the most intense orgasms she's ever had in her life. From here, her love for reading and sex are equally strengthened, and both are brought to a head only a few weeks later. Unwittingly, Lindsay finds herself invited to a book club with her neighbor's daughter and a few other girls, and she agrees to go along somewhat hesitantly. Little does she know, however, that a chance bathroom encounter at the book club in question is about to lead her to her first ever lesbian experience... A Lesbian Standalone Romance With A Happy Ending From Published Author R.P. James *Warning: This book contains lots of HOT sex, drama and adult language. If this is not the kind of stuff you like to read, then start now and see what you have been missing ;-) Enjoy!*
