

Changes of the Heart

Buying the 1920s farmhouse south of Phoenix, where the rumors of John Dillingers gang hid out in the 30s, is supposed to be accident-prone Grace Evanhearts way of escaping an old romance. When she finds an ancient diary with a map under the bedrooms floorboard, the rumors solidify into fact. She doesnt know who to trust with the news; Micah Stevens, the handsome deputy and the great grandson of the original landowners with whom shes attracted, or Jerry, the young historian who seems too intent on learning about her new home? Micah seems convinced their paths cross exactly at the right time and in the right place for them to fall in love. Now he just has to convince Grace of the same thing before suspicions of his real motive have her running again.
