

How to Howl at the Moon

Sheriff Lance Beaufort is not going to let trouble into his town, no sir. Tucked away in the California mountains, Mad Creek has secrets to keep, like the fact that half the town consists of quickenedogs who have gained the ability to become human. Descended on both sides from Border Collies, Lance is as alert a guardian as they come. Tim Weston is looking for a safe haven. After learning that his boss patented all of Tims work on vegetable hybrids in his own name, Tim quit his old job. A client offers him use of her cabin in Mad Creek, and Tim sees a chance for a new start. But the shy gardener has a way of fumbling and sounding like a liar around strangers, particularly gorgeous alpha men like Sheriff Beaufort. Lances hackles are definitely raised by the lanky young stranger. Hes concerned about marijuana growers moving into Mad Creek, and hes not satisfied with the boys story. Lance decides a bit of undercover work is called for. When Tim hits a beautiful black collie with his car and adopts the dog, its love at first sight for both Tim and Lances inner dog. Pretending to be a pet is about to get Sheriff Beaufort in very hot water.
