

## Catch Me If You Can (Presents Plus)

It Was Not The Getaway She Planned Emily Musgrave fled Spain with her young nephew, running from the boys possessive uncle business tycoon Alex Gomez. Help came from a heroic stranger Sandy call me Mac MacPherson who claimed devastating kisses as his reward and refused to leave her side as she crossed Europe searching for refuge. It was as if they were characters embroiled in the plot of one of Mac's bestselling spy novels. Mac was their savior, and yet Emily instinctively felt he was the wrong man in the wrong place at the wrong time. Something simply didn't ring true about Mac. Except, of course, the way that he kissed.
