

Hard Days Knight

Men in tights never looked so good. At least that's Pepper Marsh's first impression when she attends a jousting competition at the Renaissance Faire in Ontario. An unemployed and unattached software engineer, Pepper has had enough of the computer geeks in her dating pool. She yearns for a man of yore. A man not afraid to stare death in the face... and laugh at it. A man with a big lance.... Pepper's cousin has promised to find her a knight in shining armor, on the condition that Pepper walk around in wench garb. With her mind on her embarrassingly revealing bodice, Pepper promptly steps into the path of an oncoming steed... and is rescued by sexy Englishman Walker McPhail. Once the wild man of jousting, Walker has let a brush with death keep him out of the ring. Though his emotions are clad in almost impenetrable armor, Pepper finds Walker infuriatingly sexy - and she's about to go medieval on his heart.
