

Dont Ever Look Back: A Mystery (Buck Schatz Series)

DONT EVER GET OLD was one of mystery-publishings biggest critical successes, earning starred reviews from every major trade publication, garnering nominations for the Edgar, Thriller, and Anthony awards, and winning the Macavity Award for Best First Novel. The producer of four Harry Potter films and the Sherlock Holmes sequel, Lionel Wigram, is set to produce the film version. In Daniel Friedmans new novel, set in Memphis, Tennessee, and four months after the events of DONT EVER GET OLD, eighty-eight-year-old Buck Schatz is reluctantly coming to terms with the fact that he can only move around with the aid of a walker, and his dementia seems to be getting worse. So when one of Bucks long-time foes, a bank-robber named Elijah, comes to Buck looking for protection from mysterious pursuers, Buck wavers. In the end, his desire to cement his legacy by closing out a series of long-unsolved robberies overwhelms his usual antipathy toward doing favors for people he dislikes. Buck agrees to broker Elijahs surrender to the authorities, if Elijah will promise to confess to his long-ago crimes. But nothing involving Elijah, or Buck, is ever simple, and Elijahs plans for Buck are more sinister than they first appeared. Written in Bucks signature voice and featuring a mystery that will knock your socks off, DONT EVER LOOK BACK takes a decades-old feud between two dangerous?and now elderly?men and brings it to a final, explosive conclusion.
