

Silver Heart (Historical Western Cowboy Romance) (Longren Family Book 1)

A historical western cowboy romance novel about a mail order bride. The scene is set in Virginia City and Gold Hill, Nevada, in the 1880s. Silver Heart presents the romance of the old west and the people in it. Customer Review. A good story with everything in it, happy sad, romance, everything. Characters were easy to envisage and they kept you rolling along with them sharing their experiences. Recommended. K Masters When Maggie Lucas (mail order bride) leaves Boston for Virginia City, Nevada, she's anticipating a marriage of convenience and life in a new home with a man she's never met. That's more than enough change, in her view. What she doesn't expect, is to find that home threatened as both the market for silver and the Comstock Lode mines themselves dry up and her new husband faces foreclosure. She also doesn't expect to fall in love with the new state, the people in it and her new husband.
