

Mail Order Bride: A Baby for the Banished Widow and the Cold-Hearted Businessman (Frontier Baby Series)

DOWNLOAD FOR FREE WITH KINDLE UNLIMITED If your husband was killed because he had been caught cheating with a married woman, where would you go to escape the social stigma? Pearl Haddock has just received the shock of her life: her husband John has been murdered by another woman's husband. The man caught them in a compromising position, so there is no way for Pearl to deny that he had been unfaithful to her. Realizing that the townspeople blame her for the loss of the upstanding husband of the dead woman, she decides to become a mail order bride and start fresh in a new place. Her husband-to-be, a handsome rich man named Roy Johnson, wants nothing to do with the beautiful widow, no matter how attractive she is, and brings her there under false pretenses. He needs someone to raise his dead sister's baby, and he does not intend to have anything to do with the child. Since Pearl has no child of her own, raising the baby gives her a chance to focus on something other than her loss, although she soon finds herself developing strange feelings toward the most unexpected person her fiancée's head groom. He could hear them leaving and was glad of it. He dreaded the arrival of his sister's baby. Her mysterious death was an annoyance to him. He wasn't the one who had become pregnant out of wedlock. He had taken great care that any woman he was with would not produce a child. He didn't see himself getting married anytime soon. He had been careful over the years. Now he was saddled with a kid that wasn't even his. For handsome Patrick Young, nothing is going the way he'd planned when he was much younger. Although he's head groom at a thriving ranch and friends with the boss son, he is lonely and harboring a devastating secret that would shatter everyone around him. Suddenly he's faced with the task of acclimating a pretty widow to the ranch, a woman brought solely for

the purpose of caring for the niece of his boss, although she will not be paid for the work. Patrick soon discovers that there is more to the banished widow than a beautiful face, and her affection for baby Amelia means more than the family can ever know. However, Patrick knows that if his secret is ever discovered, he will be forced to leave the ranch forever. He must keep that from happening, even if it means forever losing the love he so desperately wants. Will Pearl's secret love force her to be banished again? Can Patrick keep his secret safe from discovery? . >>> Frontier Baby Series in Reading Order 1. A Baby For The Widowed Bride And The Lonely Doctor, <http://amzn.to/1W6vN13> 2.
