

Man of Passion (Mills & Boon Silhouette)

Brazilian mercenary Rafe Antonio never thought he could be bought off. But that's exactly what happened when he consented to his superiors command: Play protector to an American socialite in exchange for aid money for his foundation. He walked away from privilege, so he knew all about rich women. And he wanted no part of them. But Arianna Worthington was as delicate, vulnerable and gentle as the rare jungle orchids she planned to draw to fulfill her mother's dying wish. And Rafe would have to reexamine his assumptions and prejudices if he ever hoped to be the new chapter in her life.
