When one of the prince's employees disappears from his Russian Nights Casino, the Prince Alexander suddenly finds himself scrambling to prove to the FBI that he and his business have nothing to do with the Russian mob and a dangerous money laundering ring. Alexander thinks he's totally prepared to deal with the FBI Agent sent to investigate, until the very sexy and determined professional challenges his patience and his desire to keep it all business. FBI Special Agent Kathleen Martinez has no reason to trust the rich and pampered prince ... Especially since Kathleen believes that Prince Alexander was behind a human trafficking ring which she shut down two years earlier, but not without the loss of a woman's life. When she's asked to go undercover in the prince's casino, she won't pass up the chance to finally bring him to justice. But Kathleen quickly realizes that the prince is nothing like she expected and that battling her attraction to the man may risk her life, heart, and career.
