

Only One Woman

June 1968: Renza is preparing to leave school - and England. Her family is moving to Germany and she can't wait - till the four gorgeous boys who make up pop band Narnias Children move in next door. She falls head over heels for lead guitarist Scott, but after a romantic summer of love together, Renza has to go. December 1968: Stella meets Scott at a local dance where Narnias Children are playing. Scott's the most beautiful boy she's ever seen, and she falls for him hard ...As the colourful, exciting final year of the sixties dawns, both Renza and Stella realize there can be only one woman for Scott.
