

## The Way He Looks at Me [What Are Friends For 4] (Siren Publishing Classic)

[Siren Classic: Erotic Contemporary Romance, voyeurism, HEA] Karen Stacey knew she should've listened to her friends about getting a new car since hers kept dying, but then she wouldn't be getting rescued by the sexiest man she's ever laid eyes on. Even though going off with a stranger is against every safety rule she'd been taught, when Blue looks at her with those intense blue eyes, she agrees to let him take her into town to wait for a tow truck. She probably would have agreed to a lot more than that. Blue Collins would never leave a woman in distress. Offering to take Karen to his bar to wait for her friend to come and get her was one thing, but taking her upstairs to see his private apartment is something else. Kissing her is a risk he has to take. When she kisses him back, he is willing to do whatever he can to get more. \*\* A Siren Erotic Romance
