

## Mastering Word 2000 (Premium)

This new edition of Mastering Word 2000: Premium Edition teaches the most efficient ways to create all types of documents from a simple memo to a complex report. This book covers how to: learn efficient ways to perform common tasks; customize Word 2000; create simple and complex documents-everything from memos to newsletters to multiple-section reports; incorporate advanced designs in Word documents; use Word to create and manage Web pages-including interactive Web forms; insert and format graphics; create and print labels and envelopes; manage merged mailings with names from a database or address book; collaborate on team documents; use templates to create ready-to-use documents; design automated forms; use macros and VBA to automate document creation; integrate content from other Microsoft Office applications into Word documents; and troubleshoot common Word problems.
