

The Laws Of Shabbos Volume 3

An English guideline for everyday learning of Hilchos Shabbos. Focuses on the Shulchan Aruch Harav. Split into three volumes. This Third volume contains the laws of: Shearing Writing and Erasing Meameir Sewing and Gluing Reading Music Home Cleaning Games Plants and trees Shabbos Bris International Dateline The following are many useful features provided within: Compilation of the laws in accordance to topic: Many times the full details regarding a specific law being learnt in the Shulchan Aruch of Admur is not fully dealt with in that law, and is rather expounded on in later laws or chapters and at times even in another subject all together. Thus we took upon ourselves to compile all the details of a law mentioned by Admur under the topic of that law. Thus the learner can come to a proper conclusion of the topic of the Halacha being learned. Summary: Without doubt, one of the major features of the book is its concise summary which follows each and every law which is learned. In the Shulchan Aruch there are at times many opinions, many details and reasons mentioned in a given law which effect ones understanding of the outcome of the final ruling. The summary sifts through all the details mentioned in a given Halacha and brings out a clear final Halachic ruling which results from the above. The Q&A: The Q&A which follow each summary lend the learner a greatly needed base knowledge for practical application of the resulting law learned within a topic. Many times even after one has sifted and comprehended the final ruling of Admur, its influence within practical cases remain obscure. This is besides for the fact that researching a question among the sea of Poskim is both time comprising as well as not always practical. We therefore have compiled many major practical Halachic questions which connect with a given Halacha that was learned. The answers

given have been compiled from various sources, including Shabbos Kehalacha, Piskeiy Teshuvos, Shemiras Shabbos Kehilchasa as well as the many resources of Poskim brought within these Sefarim. Haskamas: The Sefer contins Haskamas from Rabbi Boaz Yurkavitch, Rav of Chabad in Lud. And Rabi M.M. Gluchovsky, the Chabad Rav of Rechovot, and memmer of Beis Din Rabbanei Chabad.
