

Midnight Assignment

Ring in the New Year is full of wicked possibilities in this sexy novella from USA TODAY bestselling author Victoria Dahl. Working over the holidays on a messy bank takeover in the middle of nowhere is bad enough for federal agent Elise Watson, but then she's partnered with the traitorous Noah James. His highly irritating presence only reminds her of the day he stole her promotion out from under her hand of the drunken, ill-fated night before when she'd all but thrown herself at him. Now she's determined to get the job done and get out, even if it means pulling all-nighters with the one man who stokes her temper and melts her insides like no other. Dahl is fearless in creating quirky, touchingly unique characters whose love affairs are anything but predictable. RT Book Reviews
