

Punished by my Bodyguard

A steamy yet romantic short story to warm your heart. A light dominant submissive theme. Threats were alarmingly frequent for a family like mine, but when they got serious, we had to react - the result was Taylor, six foot four, abs of steel. Taylor was hot, but it was his job to remain cold and calm under pressure and protect me from the crazy guy who wanted to harm me. But after weeks of suffering Taylors detached politeness, I longed to get below his hard shell, and I didnt care what I had to do to get my way. So when I went too far, and he finally cracked, what did I expect? Kid gloves? No, I didnt expect that, but I also didnt expect to enjoy his punishment quite as much as I did...or that Taylors brand of discipline would make me want him more than ever. This is a sizzling hot short story of 10,000 words unsuitable for those under 18 but very suitable for adults who want to feel all warm and tingly inside.
