

## Worth The Wait: A Nature Of Desire Series Novel

Is he worth the heartbreak? At nearly forty, Julie isn't so sure she'll ever find a man who is, so she's vowed that all her big 4-0 decisions will have zip to do with relationships. A successful theater manager, she agrees to travel to North Carolina and help a friend put her erotic performance theater on its feet. Julie has always been curious and drawn to the BDSM world, and now she can safely explore that world in the environment she knows best. Desmond Hayes is the roofing contractor repairing their rundown theater building, but he's also a rigger, well-known in the BDSM world for his rope artistry. He's not just a top, though; he's a Dom whose unexpected quirks mesh too well with Julie's eccentric personality and awaken her submissive side. From the time he was born, Des has been fighting the odds against him. Because of that, he's kept his relationships inside the BDSM scene, with clear boundaries. While Julie has almost given up on finding a person worth loving through better or worse pleasure and pain, Des never expected to receive that gift. He's not letting that treasure get away, no matter how much rope he has to use to bind her to him.
