

No Matter What (Mills & Boon Vintage Superromance)

As a high school vice principal, Molly Callahan is used to being the one with all the solutions. Not this time. Her teenage daughter's pregnancy has Molly questioning her own choices and unable to make the tough decisions. Figuring out what's right and wrong isn't so simple anymore, and now, more than ever, she needs someone to trust. Little does she expect that person to be Richard Ward. Their teenagers' dilemma has forced them to meet, but something much more powerful is pulling them together. This is hardly the time for Richard and Molly to think about themselves yet she can't stop this attraction. Letting herself count on him is one thing. Letting herself fall for him? That's guaranteed to make things very complicated.
