

Wolfer: A Memoir

His plan was to stay in Iowa, maybe get a job counting ducks, or do a little farming. But events conspired to fling Carter Niemeyer westward and straight into the jaws of wolves. From his early years wrangling ornery federal trappers, eagles and grizzlies, to winning a skinning contest that paved the way for wolf reintroduction in the Northern Rockies, Carter Niemeyer reveals the wild and bumpy ride that turned a trapper - a killer - into a champion of wolves.
