

## Lesbian Romance: Pillow Princess for The Lesbian Alien (LGBT Series)

She loved the differences in texture the silky skin of Lilia's inner thighs, the velvety heat between her legs, the hot, wet depth between them. For some time, Rebecca has enjoyed a position as a flight attendant on one of the most luxurious new commercial space ships and the affair with the ship's captain that came along with it. It was everything she could possibly want. But after a humiliating discovery, she wants nothing more than to escape and leave men totally behind. Her best friend gives her the opportunity of a lifetime temporary position on an intergalactic trade flight that will take her to a gorgeously luxurious resort, far away from the captain and the dilemma facing her job. There, she meets Lilia, a gorgeous humanoid woman who makes her suddenly fantasize about things she's never even considered before. She isn't sure what to make of the feelings, but Lilia is intent on getting to know her better in more ways than one. It looks as though Rebecca might get to explore more than just a new job opportunity, if she's willing to try. Are you ready to try something new? I won't tell a soul. ;-)
