

Billionaire Bad Boys: Theyre sexy, rich and carefree ... but can they be tamed by love?

This Clare Connelly special brings together four previously published bad boy romances.

1. **LOVE IN THE FAST LANE** International model Aurora Jones had ended her secret romance years ago. She might have been in all kinds of love with the ruggedly handsome F1 driver, but seeing his car crashed beyond recognition had made their romance an impossible quantity. She loved him, but she loved herself more, and she wasn't prepared to see her lover killed just because he refused to quit Formula One. Leonardo Fontana had lived and breathed racing for as long as he could remember. The F1 circuit had been all he thought about for years. If Aurora couldn't understand that, then good riddance to her. She left him when he needed her most - while he was recovering from a near-fatal accident - and her defection had shown him just how heartless she truly was. Only the three intervening years have done nothing to cure him of his need for her, and a chance meeting reminds him just how strong the spark is between them. Before he knows it, their love affair has been reignited, but will it burn out before it can reach the finishing line? Does he have what it takes to claim victory with Aurora? Or is his winning streak confined to the track? A tale of passion and obsession; pain and betrayal, and an unforgettable connection...

2. **THE VELASCO LOVE CHILD** Her job was to make him hit on her, so the agency's photographer could get proof of his infidelity. One incriminating photograph, and then she could walk away. But walking away wasn't as easy as she'd anticipated. Dante thought he'd met someone special, but it turned out the sexy redhead had made a calculated play at seducing him purely because it was her job to do so. And he'd fallen for it, hook, line and sinker. When he runs into her again, two years later, sparks fly. He's angry, but he's also still passionately, obsessively in lust with her.

When he discovers the baby shes kept secret, he is furious. How can he ever forgive her for what shes robbed him of? How can he raise a child with her, knowing how deceitful she is? And how can he still want her when he hates her so much?

3. THE ITALIANS INNOCENT BRIDE

Jane Lang, innocent and starved of love, was an easy target for a man like Carlo Santini. He swept into her life and made her love him. How could she not? Three years later, Jane thinks shes over Carlo. But a freak accident brings them together again, and this time, Carlo isnt letting her walk away. As their passionate flame reignites with a greater strength than ever before, Jane slowly begins to unravel a web of lies and deceit - with Carlo at the centre. Everything she thought she knew about her husband is shaken to the core. So how can she believe that he ever loved her? That he might love her again?

4. HIS LOVING DECEPTION

Lies told and secrets hidden...some grievances go too deep to be forgiven. Lady Cassandra Hervey has hidden her true identity for almost five years, and with good reason. She ran away from home at nineteen, under a cloud of suspicion for the theft of million pound jewels belonging to her horrid stepmother. Since then, shes worked hard to make a new life for herself. Its all going so well, until she meets Ben, the one man who has the power to ruin everything! Benedict Savarin cant bring himself to reveal Cassandras secret. Yet. He tells himself hes just biding his time, but as weeks turn into months, he sees that their dark passion is fast evolving into something far, far more dangerous. When Cassandra realises that Benedict has discovered the secret of who she really is, she tries to run, but he isnt about to let her get away twice. Believing her capable of theft and worse, he uses every tool at his disposal to make her face up to her disastrous past, and Cassandra knows shell never forgive him for it. These four previously published Clare Connelly novels feature romance that will set your soul on fire.
