

A Party for Patsy

Part journal, part memoir, *A Party for Patsy* is a touching story of one woman's battle with pancreatic cancer and her children's efforts to support and care for her during her journey. Patsy Callahan approached her illness the same way she approached life ... with determination, humor, and hope. Written by her youngest child, *A Party for Patsy* will resonate with anyone who has coped with the illness of a loved one. Patsy's fierce love for her children and their promise to celebrate her life rather than mourn her death will leave you smiling, crying, and most of all, inspired by the huge impact this small woman had on so many lives.
