

His Nubian Queen: A BWWM Royal Romance

A complete story by Amaka Boro of the popular BWWM Club. When Mary Reyes woke up this morning, the last thing she was expecting was to be told shes the last surviving heir to the throne of the Nubian Empire... but thats exactly what has happened. Picked up in a whirlwind of drastic change, her handlers now want her to leave America, return to Nubia and rule her people. A new Nubian queen has been discovered, and she is to bring her people to their former glory. But not everyone is happy about the new discovery. Once knowledge of Marys existence is made public, her safety becomes a concern and security expert John Sonus is brought in to protect her. Tall, handsome, and more than capable of handling himself in a rough situation, John is the kind of man every woman would want at their side; including Mary. With an undeniable connection, the two soon find themselves getting closer and closer. But with pressures high on Mary to be a strong leader for Nubia, would her being with a non black partner be acceptable? Find out if the two can make things work despite the race differences, social differences and attempts on her life. Suitable for over 18s only due to smoking hot sex scenes between a hunky bodyguard and a genuine Nubian queen.
