

Persuasion: A Latter-day Tale

When Anne broke off her engagement eight years ago, she thought she'd never see Neil Wentworth again. But when Neil's brother buys the house she grew up in, it seems fate has other plans in store, and Anne is woefully unprepared for the roller coaster of emotions that accompanies Neil's return. Fans of *Persuasion* will love this fast-paced, modern retelling of Jane Austen's most romantic novel.
