

## Private Melody (Kimani Romance)

Music was her whole life until he came along. Former child prodigy Kianti Lawrence has struggled hard to become a major force in the performing arts world. Music is her life until the beloved, world-renowned pianist meets a man who shows her what she's been missing. Something about handsome, powerful ex-Ambassador Therin Rucker strikes a harmonious and seductive chord. When Therin connected with Kianti, all the notes suddenly came together. He's more in tune with her than with any other woman he's ever known. But first he has to persuade Kianti not to be afraid of life or love. Can he make her see that the passion they're making is the truest music there is?
