

Queens Knight: An Invitation to Eden novella (Invitation to Eden series Book 9)

Evan McQueen had his entire life planned out. Poised to potentially take over a multi-billion dollar corporation, this trip to the island resort of Eden is Evans chance to make a good impression on the billionaire CEO. He thought he knew where his life was going until a blonde vision stomping across the hotel lobby wearing dirt bike boots shattered all his preconceived notions. Serving temporarily as the islands tour guide and resident mechanic, Dani has seen countless guests come and go from Eden. She should be focusing on her upcoming round-the-world journey and the day-to-day life of the island, not the man who sets her heart on fire. As much as she knows its temporary they both have their own lives to lead Dani cant get Evan out of her head or her heart. Dani Knight is unlike anybody Evans ever encountered, a woman unafraid to defy convention. She immediately fascinates Evan, and he cant seem to get enough of her. The more he reveals, the more she sees a kindred spirit in need of guidance, but she cant make his decisions for him. Shes seen the island work miracles before, but can it bring together two souls going down vastly different paths? An Invitation To Eden novella set within the world of ANYTHING HE WANTS.
