

Rapture

Here is the first book in the Rapture Series, a seriously hot and provocative romance by Lucia Jordan, written in her signature style of high passion and emotion. When the stakes are high and things seem too good to be true, what do you believe in? For Magnolia Burns, sculpture is her life. It's her daily work, her greatest love, and her constant struggle. It may not be the easiest way to pay her bills, but sculpture is just about the only romance in her life. But when Front Street Gallery takes on a sexy new tenant German painter and photographer Ranier Ferran Magnolia's whole life is about to be turned on its head. Ranier is a perfectionist and a romantic. A late night rendezvous in his studio swiftly turns into a sensual exploration of each other's desire, as Ranier learns every curve and contour of Magnolia's beautiful body. Now sculpture has some competition for her affections, and Ranier is about to show Magnolia the pleasure to be gained from giving up control. Only mature readers should download this book.
