

ZAK SEAL Team Seven Book 3

After being separated for almost two years, Zak finally has his girl back and this time this ex SEAL has no intentions of letting her go again. Shed ran scared because she couldnt handle his over possessiveness and the way she thought he wanted to rule her life, but two years apart had shown her that she couldnt live without him. There was just one thing, a secret that could tear them apart for good. You f**ked up royally, I dont even know what to say to you and she isnt mine. You shoulda known he was gonna go ape shit. I was sitting in Logan and Gabys kitchen trying to come to terms with the scene that had just unfolded outside. Yes I had expected Zak to be pissed, but I hadnt expected the look of unbridled hatred in his eyes. I wasnt sure I would ever overcome that, and now he had my daughter, and had locked himself away in his house. I felt the disappointment from the men around me, even as Gaby, Dani and even little Susie hung close and tried to offer me comfort. I know youre all mad at me, but try to understand, I didnt do this to hurt him This is a conversation youre gonna have to have with him. Were not gonna go against him in this and you know that. I dont know your reasons for doing what you did, but I do know my brother, and right now, youre f**ked. Theres no point in me sugar coating that s*it. Just take a deep breath, accept that you were wrong, and know that hes not gonna be satisfied until he gets his pound of flesh. But thats not fair Nessa, you had his f**king kid and didnt tell him, do you not know who the f**k youre dealing with here?
