

Reading, Writing, and Leaving Home: Life on the Page

At once a memoir of an exotic life, a meditation on the art and craft of writing, and a brilliant examination of the always complex relationship between fiction and life, Lynn Freed's critically acclaimed *Reading, Writing, and Leaving Home* surprises, instructs, and delights. With dark and comforting wisdom (Anne Lamott) and great intellectual and emotional range (Diane Johnson), Freed tears off all fictional disguises and exposes the human being behind the artist. A must-read for writers, readers, and anyone engaged in literature, *Reading, Writing, and Leaving Home* is destined to be a classic in the field of writing about writing.
