

## Reclaimed

A powerful Contemporary Romance. Here is the first book in the Reclaimed Series by Lucia Jordan, written in her signature style of high passion and emotion. I believe in fate and in second chances. We are both here for a reason. Cecilia James life was suddenly ripped from her in the blink of an eye when a drunk driver hit her car head-on. Her marriage and her career as a famous model now over, all she has left are the brutal scars that remind her what she's been through. With no home, no husband, and no idea what to do next, she escapes to her aunts remote lake house to hide from the media frenzy and pick up the pieces of her life. Only mature readers should download this book.
