

## Quandary (I Found My Heart in San Francisco Book 17)

In Quandary, the seventeenth book of the I Found My Heart in San Francisco series, summer has arrived and with it Graduation. Graduation was supposed to be an ending the final act in a long, academic sprint. But Ryans running harder than ever so hard she wont have time to even attend her ceremonies. Shes not about to complain...much. Finally playing in the NCAAs is the real culmination to her college career, and shes going to make the most out of the opportunity. Jamies taking things much more in stride. Shes giddy about the prospect of spending days lounging around the house, reading and reflecting. Theyll finally have time to relax and make some plans for the future if she can only figure out a way to get Ryan to relax along with her. Thats much easier said than done. Their lives wouldnt be normal without a few bumps and jolts along the way. Thats their normal. But Mia and Jordan are back, theyre with their families and theyre all racing for home.
