Book One: Experience Financial Freedom: A Guide to Saving Money & Creating Passive Income This book presents two of the most important steps towards making financial freedom your reality: 1. Saving Money - using tips and tricks in budgeting and living within your means as well as cutting on expenses. 2. Making Money - using the various sources of passive income that will not require a great deal of your time and effort. All basic questions you have are all answered in this book with facts, figures and practical examples. There are no theories in this book, just plain and simple action plans that you can start regardless of your background or financial situation.

Book Two: Plan Your Retirement: 9 Steps So You Can Retire Happily Here is a preview of what you will learn from this book: The basics of Social Security How to build a retirement nest egg that wont leave you scratching The power and safety of financial Diversity The power and magic of compounding interest The Benefits of sacrificial savings. And Much More Book Three: Mobile Home Investing: A Step-by-Step Guide to Buy, Sell & Rent Mobile Homes for Profit Whether you are a beginner or an expert in the investment world, this name will surely sound familiar to you: Warren Buffett. He has become a household name that is synonymous to wise and profitable investment. Where he invests, others follow. Do you know why his name is also in this book? Buffett owns large stakes in the biggest manufacturers of mobile homes in the United States. Aside from that, he also owns companies that provide financing for these homes. Buffet knows there is money to be made in this venture and now, you know that too! Take advantage of this early opportunity that is beginning to gain momentum in the U.S. Buffett took notice of it, you should too if you want to be a successful investor like

him. Book Four: Overseas Real Estate Investment: A Step- by- Step Guide to Buy, Sell & Rent Real Estate Abroad Do you want to start? This book contains easy step-by-step guidelines on how to jumpstart your overseas real estate business. The business is one of the exciting and adventurous ventures in the modern global economy. Do you want options? There are also several business models that you can choose from along with a matching list of the up and coming countries that you should look out for in your investment. Do you want connections? As soon as you have made your choice, this book also connects you to the real estate agent associations and their websites, where more in-depth and guided information is available. Do you want unbiased information? What makes this book special is that it does not shortchange you on the information available in the international real estate business; instead it gives you a birds eye view of the business advantages and challenges. Do you want legal ways around taxes? However, it does not end there, this book will also provide you with tips and tricks on how to avoid these dangers and minimize the risks. A Dos and Donts list of experienced foreign real estate investors, including reduction of taxes for U.S. citizens is included in the book.
