

Cody Daniels Return (Silhouette Intimate Moments, No 258)

Border Patrolman Cody Daniels had been sent to work undercover for Mariah Butler. Someone on her ranch was smuggling South American orphans into the U.S., and it was his job to find out who. His bosses didn't care that it would mean lying to the woman he had once loved-and could all too easily love again. Mariah knew only that Cody had come home after so many years away. If she could just tell him about the children! But that would put them all in danger. What could she do? Was there any way to choose between the children she had grown to love and the man she could no longer live without? Sign Up what readers are saying What do you think?
