

Take Me Home Tonight (Welcome to Paradise series Book 2)

One unforgettable night a lifetime of regret? Welcome to Paradise, Book 2 Three years. That's how long Maddie's been running the reception desk at Owen Bishop's construction company and waiting for her sexy boss to wake up and realize she's more woman than the airhead bimbos he seems to prefer. Even after her friends spring an ambush makeover on her, Owen barely notices. Apparently shedding her one-of-the-guys, tomboy looks isn't enough. Looks like it's time to step up her game, even if it means looking for lessons in all the wrong places. While Owen can't help but notice Maddie's stunning transformation, the truth is, he likes her just the way she is polished up or dressed down. Like his playboy father, though, he's always been restless when it comes to women. Maddie's friendship is too important to risk hurting her. When Maddie shows up at his door ready to rock his world, all his resistance crumbles. But in the back of his mind, the question remains: how can she trust him with her vulnerable heart, when he's not sure he can trust himself? Warning: Contains a girl who'll do anything to please her man, even if it means signing up for a master class in seduction with the town bad boy. Plus a man who may let the sins of the father stop him from accepting the gift of a lifetime.
