

Ten Things Id Do for a Cowboy

Journalist, Amanda Lang, wishes shed never written the article, Ten Things Id Do for a Cowboy. Thanks to her, cowboy Rafe Buchanan lost his marriage, his bank account and nearly his ranch because it had been her husband his wife ran away with. Now, two years and a divorce later, Amanda is back on Buchanan soil to write another article, film a documentary and deliver a face-to-face apology. Rafe Buchanan wants the woman gone. The Buchanan Wild Mustang and Burro Transition Ranch is his life and, after almost losing it once, he isnt about to allow another disaster. But when he sets out to make the beauty voluntarily leave, his tactics take an unexpected turn. Could there be more than wild horses in transition on his ranch?
