

Greeks Marriage Bargain

It was strictly business... When his brother and her father die in the same accident, Nikos and Leah agree to a three-year marriage to provide stability for his niece until she leaves for college. Until it wasn't... As the end of the marriage draws near, she prepares to move on, but Nikos decides to renegotiate the marriage bargain and he'll do whatever it takes to convince her, including seduction. Leah wants to believe Nikos is sincere, but it seems impossible he's really changed his mind especially when his ex-fiancee is so eager to take Leah's place.
