

Hooked (Studs in Spurs Book 4)

His last eight seconds could lead to the longest, most satisfying ride of his life...Annie Grant is at the top of her game as an on-air interviewer for the pro bull-riders tour. In all those years standing within microphone range of thousands of sexy cowboys, she's never been tempted...until now. Now that respected veteran Luke Carpenter is no longer with his longtime girlfriend, he's back on the market. And Annie is buying. Luke knows his days are numbered. Every year the rookies get younger, the bulls get ranker and, like it or not, the time is coming when he'll be hanging up his spurs. After a sizzling hot night with Annie, he realizes that maybe this old dog can learn some new tricks. But quicker than a bull can spin, things get complicated. A tragedy forces Luke into a no-win decision: hang onto the tail end of his career, or retire early for his family. Either way, he can live with his choice. Question is, can he live without Annie? Warning: Contains knock-your-boots-off cowboy lovin', some up close and personal interviews of the oral persuasion, and a happy ending...cowboy style.
