

Rightly Dividing The Word [Illustrated]

The Author started to prepare an A, B, C, book to introduce his larger Work on DISPENSATIONAL TRUTH, but after writing and condensing several times he felt led to abandon that idea and to prepare a book on Rightly Dividing the Word, in which the Fundamental Doctrines should be Rightly Divided in a series of contrasts. The Fundamental Doctrines of the Christian Faith are clearly outlined in numerous books on Theology, but they are not available to the average reader and were mainly written for students. The Author has made it the work of his ministry to preach the Fundamental Doctrines. To this end he has aimed to express them in the simplest and clearest manner possible. This book contains the cream and meat of his sermons for over thirty-five years, condensed and arranged in a form that will grip and interest the reader, because of the manner of their presentation. The Charts are clear and simple and add much to the value of the book, and will be suggestive to Preachers and Bible Teachers in presenting the Fundamentals. The book does not contain the opinions of the Author, nor quotations from other writers, but is based solely on the Scriptures, chapter and verse being given for every statement. The book is Timely in these days of Apostasy and denial of THE FAITH. The purpose of the book is to confirm in the Faith those who are wavering, and to instruct those who have not been clearly taught the great cardinal Doctrines of the Christian Faith.
