

Rock the Heart (Black Falcon)

For the last four years, good girl Lane has regretted breaking up with Noel Falcon. She thought she was sensible when she told him his dreams of being a rock star would get him nowhere, but now that hes a rock god and her career is stagnant, she realizes just how wrong she was. When Noel hires the marketing company where Lane is an intern, shes forced to see him again. If she wants to land her dream job as executive within the company, she has to win him over and secure his account. Too bad Noel is still pissed at her for breaking his heart. When Lanes company flies her to a Black Falcon concert to gain Noels attention, emotions run high the moment she sees him and realizes shes far from over him. But Noels countless trysts with groupies and his cocky attitude make Lane believe he isnt the same guy she once loved-now he seems to only want her body. Then after Lane discloses she needs him to procure a job, Noel proves hes a changed man by forcing her to go on the road with him in order to get it. After Lane reluctantly takes Noel up on his offer, she becomes willing to do whatever it takes to keep him satisfied, even if it means succumbing to his seductive ways. Lane soon finds deception is a dangerous game and shes not the only one playing.
