Whats His Passion? Explore our contemporary collection of men and their passions. We all have our passions whether they're simple pleasures like fine wine and good music, or more ambitious like climbing mountains or jumping out of airplanes. It might even be revelling in the edgier side of sex! Dive in and discover the many passions of the amorous men explored in our new imprint Whats His Passion? Rockin the Alternative by Morticia Knight. The chance of a lifetime and the touch of a rock god are offered to music journalist Bryan Gallagher on the same day. Embracing one is easy, but resisting the other is harder than he'd anticipated especially since Bryan has never been with a man. It could be his dream assignment. Aubrey King, the legendary god of alternative rock music, has requested to meet with journalist and writer Bryan about penning the stars memoir. Aubrey and his dark, angsty songs are the reason Bryan was inspired to become a leading rock journalist. His obsession for his career has alienated the women in his life, but Bryan doesn't care. What really matters to him is the music. Aubrey King has been out of the music scene for almost ten years ever since his alternative rock band, Falling in Stereo, broke up. Questions about his sexual preferences have always surrounded him, and now that he's ready to make a solo comeback, he wants to tell his story, his way. He's followed journalist Bryan Gallagher's career for a while and believes that Bryan's obvious passion for music mirrors his own. He loves his writing style, but is also enraptured by the boyishly handsome writer. Brian finds pushing his fanboy nervousness aside is difficult when Aubrey finally stands before him. He's amazed at how little Aubrey has changed his intense gaze, his unique style and his still youthful looks epitomise the star he's always been. But Aubrey's

vulnerability when he sings and shares the deeply personal lyrics of a new song triggers something in Bryan that he never knew was there. The need to give himself to Aubrey, to let the rock god do to him what hes never before desired a man to do.

Morticia Knight About the Author: Erotic Romance author Morticia Knight enjoys a good saucy tale, with MM and MMF pairings. Since she loves several genres, you may find your heroes in a contemporary, historical, paranormal or sci-fi setting. One of her passions is bringing peoples fantasies to life on the page, because life is too short for even one boring moment. Her stories are volcanic in heat, deep in emotion, and sprinkled with doses of humor. When not indulging in her passion for books, she loves the outdoors, film and music. The Pacific Northwest is the ideal spot to enjoy both hiking and beachcombing. Once upon a time she was the singer in an indie rock band that toured the West Coast and charted on U.S. college radio. She currently resides on the northern coast of Oregon, where the constant rain and fog remind her of visits to her family in England and Scotland when she was a child. She is currently working on a new historical MM series, as well as a steampunk horror and sci-fi menage.
