

Altar Boy Altered Life: A True Story of Sexual Abuse

Chronicling the events of my life, from my upbringing in a big Catholic family, as one of fourteen children, to my victimization by my Principal, a trusted and respected priest, known in Orange County as Father Hollywood for his charismatic charm and good looks. The ensuing scandal made national headlines, blew the lid off of a major cover-up, and subsequently opened the flood gates for a massive settlement against the Catholic Church for hundreds of victims. It all began back in the 70s and 80s, after the death of my natural parents. I was a teenage altar boy being raised by my new quadriplegic step mom; all the while, I was being secretly abused by a powerful and influential priest... These memories were locked away for a long time. That is, until, as a 28 year old man, I found myself waking up in a cold sweat, haunted by nightmares of a child being assaulted by a priest. I became depressed, even suicidal, and finally sought therapy, and began a life-altering journey, as I exposed my abuser and sued the Catholic church. The ramifications of my coming forward are still being felt in California today, as new cases are being brought forward against the Diocese. Moreover, the epidemic continues across America, as other clergy are being accused of shamefully preying on the innocent. Truly, the resulting story is an uplifting, dramatic, and emotional roller coaster ride, as I face my memories as well as a grueling court-ordered deposition -interrogated by numerous attorneys, including one that has represented some very high profile clients. No holds were barred; from my sexuality to my spirituality. I was questioned for eleven days... Ultimately leading to an unceremonious de-frocking of a beloved celebrity celebrant and a monumental legal victory against the Catholic church. The inspiring tale is intended as a healing message for victims of abuse, and a watchword for parents who implicitly

entrust their children to those in influential positions.
