

Compromises for His Moose (Kontras Menagerie Book 11)

When Adam Kingston decides to enjoy a cat nap in tiger form, he never thought he'd be woken by the cries of young moose shifters, nor did he expect to need to save them from a douchy wolf shifter and his buddies. The day takes a turn for the better when he's pleasantly surprised to discover the moose's brother, Noah Oleander, is his mate. Except Noah is in the closet, is the legal guardian for his two siblings, and is on the run for attacking his alpha's son. Can Adam get Noah to stick around long enough to find a way to help him? Or, will Noah decide it's easier to grab his siblings and keep on running?
