

## Northanger Abbey (Illustrated): Illustrated by C. E. Brock with an easy to navigate table of contents

Northanger Abbey was the first novel to be completed by Jane Austen in 1798, but after being bought by a publisher who then didn't publish, became the last to be published, posthumously in 1818. The story follows Catherine Morland, an honest, sweet girl of seventeen who is invited to her first society parties and balls in Bath, courtesy of her neighbours, The Allens. Catherine enjoys reading fashionable Gothic Novels, and translates the fictional ideas into real life, imagining the upstanding General Tilney, father of her love interest Henry, has murdered his wife. The themes of love and marriage, property and social status, as well as misunderstandings and intrigue, once again, take central stage to give us another delightful romance with a moral and happy ending. Northanger Abbey has been the inspiration for an abundance of novels, short stories, TV adaptations and a 1986 film of the same name. Buy this ebook free of spelling and formatting errors today, and enjoy forever. Love it? Give it a 5\* rating to let everyone know.
