

Shame

Everything done in darkness will eventually be brought into the light. I ran, but all it did was keep me one step ahead of my past. I tried to start over; new name, new identity. But you can't change your soul. A fresh start at college was just what I needed. For a while, it worked. I was the party girl, the one who seemed confident, but it was a lie. When guys kissed me - I felt only pain. When they touched me - nothing but fear. Deep inside, every girl wants to be the beauty in the story, to find someone who will see you as their world. But the truth? I was the beast. And as much as I wanted redemption, I wasn't fool enough to think I'd ever get it. Until he walked into my life. I wasn't prepared to fall for someone. My scars were too deep, the wounds too raw. But he offered me peace, he offered me security. I should have known it was just another lie - I should have known that falling in love with my professor was a bad idea. But I was powerless to stop myself from falling. And he was powerless to catch me. Because the darkness finally caught up to me, and as fate would have it, a cruel twist almost bled me dry. But I'm stronger than I knew. I'm stronger than you think. You think you know my story, but you don't - after all everyone has Shame in their lives - and I'm no longer afraid to show you mine.
