

Vampiric Assignations (The Protectors Book 2)

Book 2 of The Protectors Vlas Von Heildvic sets his sights on Amber Black and will stop at nothing to take her. She is the key to his future, one where he rules the world. The Protectorate cant let her fall into the wrong hands, but Mavericks structured ways mangle the operation, leaving her vulnerable. Once bitten, Amber runs off, scared of what she is becoming. Maverick has to change his ways to save Amber and keep her from altering the balance of power in the vampire world. If he loses Amber to the forces of darkness, the world will forever change, leaving humans under vampire control.
