

## Kiltnapped [Kilt, Kilty, Kilted 1] (Siren Publishing Classic)

[Siren Classic: Erotic Contemporary Romance, with fantasy elements, light spanking, HEA] American Paisley Gill has dreamed about the Highlands of Scotland and a certain kilted Scotsman all her life. After saving for years, she's finally able to visit and tour the country. She expected to find beautiful scenery, men in kilts, and inspiration for her erotic romance writing while there. The last thing she expected was to be kiltnapped from her hotel room. Highlander Ewan MacGregor had been dreaming of Paisley for years. So when Fergus, the clans wise woman sends him to Glasgow to find his woman, he goes to appease her and is shocked when he comes face to face with the woman he has been dreaming about all his life. Will Paisley recognize her soul mate? Can Ewan convince her that her place in the universe is with him? Will Paisley find the answer to the age old question of what Scotmen wear under their kilts? \*\* A Siren Erotic Romance
