

Fire Mission: The World of Nam-a Marines Story

Award Winning Memoir of a Marines life-changing 2007 adventure back to Vietnam with a medical mission team that weaves in his 1965-66 combat experiences as an artillery officer, who spent too much time with the grunts. Against all odds, the author searched for his two Vietnamese friends with whom he had emotionally connected during the war. The spirit of reconciliation within the humanitarian group along with the success of finding his friends provided the healing necessary to overcome the trauma of his war time experiences. Closure for combat veterans is the powerful message conveyed by the story. A deadly Viet Cong Sapper team attack on his artillery battery as well as episodes from Operation Hastings, the first large scale battle along the DMZ, are featured combat stories. Tours of Hue, the Gulf of Tonkin, and the Hanoi Hilton prison round out the Annapolis graduates memoir.
