

Heatwave (Some Like It Hot)

To say Emily Dugans life has been a blur is an understatement. Shes lost her job, her boyfriend is in love with someone else and hes kicked her out of their apartment. Ready to recoup, shes heading to sunny California to visit her grandmother for some relaxation. But when she finds out Grandys cooking school has been plagued by a series of mysterious fires, Emilys shocked. Only her surprise turns to instant heat when she meets sexy-as-sin arson investigator Drew Perry. When Emily literally faints at his feet, Drews certainly flattered. Of course, her collapse may have had more to do with her pregnancy than him! Now, instead of focusing on the firebug on the loose, Drew finds himself fantasizing about Emily day and night. And whats a guy to do when the woman you want makes it crystal clear shes having the same delicious thoughts?
