

Brand My Heart: A Multicultural Romance

AN EXCERPT You did the unthinkable Weston. You turned him down initially. Honey thats practically an open invitation to chase, Delphine explained. I know. Trust me I know that men like Jaxson Halford are used to women chasing them, and to having those he rains his attention on flock to him like a sheep to slaughter. And I cant stand men like that. But I thought he was different. I thought he I mean I thought his pursuit was sincere. We talked Delphine. He opened up to me; told me things you wont find when you Google him. I didnt think you could fake that kind of sincerity, but obviously you can. Youre right, apparently one of the reasons he was so interested in me is because I didnt immediately cave in to him. But it wasnt a game for me; if only Id known it was to him. So do you really think he was only interested in a casual fling? Are you sure that it wasnt more? Well then hes really good, because he fooled you too, Weston said. He cant explain away the woman I saw in his arms or the fact that hes been with her for three years. In spite of those facts though, he made it quite clear that Id be welcome to his bed at any time. But Im no ones bedpost notch. I want more. Ahhh, more if we women could just give up wanting more, we could the find perfect relationship any time we wanted, Delphine laughed. But let me play devils advocate and give the scumbag the benefit of the doubt for a second. Theres no room for benefit of the doubt, Delphine. I know what I saw. I know what I heard. Jaxson is involved with another woman, and has been for quite some time. I cant believe I didnt pick up on it. Hear me out Weston. Ive got bullshit radar and I didnt sense any with Jaxson. I saw the way he had you pinned up against the wall in your office couple of weeks ago. I thought you all were gonna go at it right then and there. I could feel the heat you two were generating all the way out in the hallway. I just want

to forget that I ever allowed myself to get involved with him, Weston groaned. But its not that easy and you know it, Delphine warned. Youre still drawn to him and the real battle here is not him or another woman. The real battle is with yourself Weston. ### The real battle is with yourself Weston. The real battle is with yourself Weston. The real battle is with yourself Weston. Weston replayed the words over and over again in her head as she left the office later that day. Their truth rang so deeply in her soul that she could no longer deny it. She was head over heels in in love with the philandering Jaxson Halford, the very man whose contract her company depended on for survival and there was nothing she could do about either fact right now.
