

Bluestone Song (Welcome to Bluestone) (Volume 2)

Beth Lapointe has her hands full--her teenaged sister is struggling with new motherhood, her job as a waitress is becoming more strenuous as her boss is pulled in different directions, and her alcoholic father is demanding she help him or hell return to Bluestone. The last thing she needs is her high school sweetheart to show up live and in person and to realize she still has feelings for him. Country singer Maddox Bradley has returned to Bluestone, the only place hes ever known peace. A car accident has the tabloids speculating over whether hes drinking again, so he heads to the town where he used to spend his summer vacations. The town where he fell in love for the first time.

Hes surprised Beth is still there, but pleased. When he finds out she needs help, he wants nothing more than to give it to her, to make up for leaving her behind all those years ago. But is she willing to take it from a recovering alcoholic who has no plans to stick around?
